Application No. 10/579,321

Response to Notice of Non-Compliant dated February 14, 2007

On page 10 of the application, please amend the Abstract as follows:

Abstract

Disclosed is ~~The present invention relates to~~ a method for transmitting text- and/or binary information in form of a short message in addition to voice information for a talker and at least one listener of a Voice Group Call, ~~characterized~~ by sending a special, dedicated signal to all listeners and to the talker. The text- and/or binary message can be sent and received simultaneous to an ongoing group call.
